

Elect John Katco

Representative For New York's 24th District

A message from John,

Growing up in a family of seven kids, I learned at an early age about the importance of standing up to be heard and in fighting for what you believe.

I worry greatly about the America we are passing on to our children. Overwhelming debt. Unsustainable entitlement spending. And a government bureaucracy that believes the best fix to any problem is an expanded federal one.

I will stand up and fight to change that.

Help me become the representative Central New York needs to make Washington work for us again. Support me as your Congressman for New York's 24th Congressional District.
